

FIRE TIES UP FISH SHIPMENTS

Retail Dealers Turn Away Hundreds of Customers.

BIG DEMAND FOR OYSTERS

RED CABBAGES FOR PICKLING ARE NOW IN STOCK.

The fish market suffered yesterday from delayed shipments caused by the disastrous fire in the snow sheds on the Southern Pacific near Truckee, Nev. Two carload assignments are tied up there and will not reach here until today. The dealers turned hundreds of customers away yesterday, and, being Friday, it was the heaviest day during the week. The retail dealers sold everything out with the exception of a few pounds of oysters. The oyster market was very quiet, but the orders are larger than the supply and at present the commission dealers are unable to increase their shipments.

The poultry market was well supplied yesterday, but on account of the scarcity of fish everything was cleaned up. The prices held steady, but the dealers look for a slight reduction during the coming week. The vegetable and fruit market was loaded with quantities of stuff. Red cabbage for pickling made its appearance yesterday, setting for 10 cents a bushel. Bananas dropped off a little yesterday, but did not change the prices. Peaches and grapes were in carload lots.

GIRARD SUSPECTED OF ANOTHER MURDER

New York, Sept. 22.—A newspaper clipping found today of Joseph J. Girard, who is accused of killing Augustus Pfeiffer, near the "haunted oak," at Pelham road, leads the police to suspect that Girard may know something about the murder of Elizabeth Davis of Middletown, N. Y. Detective Sergeant Price said today that the body of Miss Davis was found in the Wallkill river near Middletown, on March 30 last. It bore evidence of having been maltreated, as was the body of the Pfeiffer girl, and physicians say it had been in the water about two months.

ENTRIES CLOSE TONIGHT.

Candidates For Dog Show Will Have to Hurry.

Entries for the bench show at the state fair will close tonight. The secretary's office will remain open until 8 o'clock. Enough entries have already been received to insure a successful show. Charles K. Kilpatrick, who does some hair-raising automobile and bicycle stunts, will be the featured attraction of the show. He will personally supervise the erection of his automobile runway and the four flight of stairs down which he rides on his bicycle. Kilpatrick's feats are the most remarkable because of the fact that he has lost one of his legs.

Negro Done to Death by Arkansas Mob—Real Culprit in the Sheriff's Hands.

Conway, Ark., Sept. 22.—Frank Brown, a negro, was taken from the jail here late tonight to the outskirts of the town and hanged by a mob. The lynching was so quietly done that few of the townspeople knew of the occurrence. The negro was held for assaulting a Mrs. Lawrence, killing her 6-year-old son and stabbing her baby daughter. Brown was hanged in front of the house occupied by Mrs. Lawrence. The lynching was evidently the result of a prearranged plan. The mob formed quietly in the outskirts of the city and proceeded to the jail. Sheriff Harrell is in Little Rock attempting to run down a clue which has resulted in the arrest of another negro implicated in the crime. The mob experienced no difficulty in entering the jail and securing their victim.

The mob took Brown to the house in which Mrs. Lawrence lived, in a lonely spot. There was no excitement, and the affair was conducted in a business-like manner. Mrs. Lawrence had been removed to another house and the negro was not taken before her for identification. The negro, it is said, made a confession.

Andrew Hamilton Denies That He Used the \$100,000 in Influencing Legislators.

New York, Sept. 22.—The Evening World today received a cable dispatch from Andrew Hamilton of Albany, who is in France, to the effect that \$100,000 received by him from the New York Life Insurance company in March, 1904, was not used for influencing state legislation. Mr. Hamilton reached Biarritz yesterday afternoon after completing an automobile tour through the south of France. He was met at Biarritz by a telegraphic inquiry from the World relative to the \$100,000 check made out to him in March, 1904, by the New York Life, to which he replied by wire as follows: "You can deny for me that the check for \$100,000 to me from the New York Life Insurance company in March, 1904, was, as asserted in New York, for the purpose of influencing legislation, or that it was so used."

HUNDREDS AT WORK.

Western Pacific Construction Uses Many Men and Teams.

Western Pacific construction is still drawing supplies from Salt Lake. Although work has been slow, it is being compared to what will be the case in a week or ten days, the preparations are taking a great deal of money.

The well-bored crews along the route west of Garfield have not yet reported water. On the results of their work depend in a measure the speed of this portion of the construction.

A Chico, Cal., mining man stopping at the Knottford was much interested to hear that actual construction of the Western Pacific had begun at this end, and he did not wish to be quizzed, he stated that hundreds of men and teams were being sent out to the mountains between Oreville and Beckwith Pass. He said that the grading from Beckwith Pass westward was a matter of engineering, the aim being to hold all grades down to per cent. From Beckwith Pass the Western Pacific will run northwesterly, making a loop about the corner of the Beckwith Pass, and between the latter point and Oreville there are several tunnels of considerable length.
